

# Biographical Note

---

Ms **Keiu Talve** has been working in the social services sector for 20 years. Involvement in the quality management and quality assurance started in 2010 together with coordinating the implementation of the EQUASS system in Estonia in 2010. More than 100 social service providers were involved in the process of competence building and auditing within the next 7 years.

She was a member of the working group to develop the EQUASS 2018 version and is currently involved in the preparation of the next updated EQUASS in the European Platform for Rehabilitation.

Ms Keiu Talve was a management board member of the Estonian Quality Association 2019-2021 and an international expert for different projects in the Georgian Republic to support Georgians in their work with building up national social services since 2017.
