

Biographical Note

Elisabeth Hofstätter-Kollarich, BSc, born in 1976 in Austria, was graduated as an innovation manager at the University of Applied Sciences in Graz. In the almost 30 years of her professional career, she has worked for renowned Austrian transport service providers such as Austrian Airlines and ÖBB (Austrian Federal Railways). Before Quality Austria, Elisabeth was internationally active as Global Head of Quality & Management Systems at an international manufacturer of measuring instruments.

Since 2006, Elisabeth's professional focus has been about management systems: setting up, further development, training, and audits of the common ISO-Standards as well as on Calibration Laboratories (ISO 17025) and Reference Medium Production (ISO 17034). She has been working for Quality Austria since April 2022 and took up the position as Head of Training in October 2023.
